

COMPANY PROFILE

Chandan Optical Industries is a family owned and operated professional manufacturer and exporter of Spectacle Frames, established in 1985. We are currently one of the leading manufacturers of hand-made acetate spectacle frames.

Through the years we have developed many products to meet the needs of our customers.

The company has hired a dedicated workforce that develops the designs and takes into consideration every other meticulous aspect before developing the end product.

We also specialize in handling of OEM (private label) and/or ODM (specific design frames) with well-known designers as well as with anyone who wishes to create his/her's own line of Eyewear.

Today the company manufactures over numbers of innovative designs designed to appeal to the tastes of varied individuals. The untiring drive to provide the best and prompt service has firmly established a trust and popularity in the hearts of company's augmenting clientele.

Company is also empanelled as an approved rating agency by the National Small Industries Corporation Ltd. (NSIC) under the "Performance & Credit Rating Scheme for Small Industries", approved by the Ministry of Small Scale Industries, Government of India.
